

WHITE GOODS TASTING

GIN:

We hunted down this centuries-old recipe of juniper berries, coriander, licorice root, bitter orange peel and numerous other botanicals. To create this complex, yet balanced gin the ingredients are steeped in 190 proof spirits and slowly distilled. Ideal for crafting full-flavor martinis, aromatic gin and tonics or just sipping slowly on the rocks.

BACON VODKA:

Our Bacon Flavored Vodka is like man's best friend—only for Bloody Marys. Created in 2012, we were the first distillery to offer this delicious and savory, flavored vodka. Taste it for yourself and see why it has become one of our most popular spirits.

VODKA:

Every batch of our signature product is handcrafted with Michigan Winter Wheat. To ensure the highest quality possible, batches are triple-distilled and continuously taste-tested. Perfect for fireside sipping or crafting adventurous cocktails.

winner from
"The Beverage Tasting Institute"

RASPBERRY VODKA:

Ugly Dog Raspberry Vodka: Unleash a truly unique flavor. Our Raspberry Flavored Vodka features a crisp, and floral taste with just a hint of sweetness. It's perfect for shaking up a Raspberry Martini or creating new, fruity summer cocktails.

RUM:

In their own way, pirates were explorers—and in the 1800s a few of them even sailed the Great Lakes. As a tribute to their sense of adventure, we crafted this light, full-flavored Rum from 100% sugar cane. Mix with your favorite soda or punch and let the good times sail.
